ABOUT

I'm an experienced full stack web developer, with daily basis hands-on experience with the LAMP stack. I also love JavaScript and React Native!
Very passionate and enthusiastic about learning new technologies, and looking for a place with challenges that have no textbook solutions!

EXPERIENCE

Reach Digital Works LLC., Sharjah, UAE — *Web Developer*

Jun 2022 - Present

I'm currently working as a PHP web developer/WordPress developer for Reach Digital Works LLC, my responsibilities include developing websites / web applications for various clients, testing, identifying and solving technical issues that may arise. Writing both backend and frontend components and connecting with thirdparty webservice.
